

About us...

In the heart of Rishpon, near Herzliya lays a gem of a greenhouse, "Sharon Orchids". Our greenhouse was founded in 2006 by Tammy Sharon and Yitzhak Ben-Yair, both with over 20 years of experience in the cultivating, seeding and development of a large variety of orchids. In 2006, Smadar Sebag who manages the greenhouse and store was exposed to the world of orchids and was enchanted and drawn to these exotic and luxurious plants.

The Orchid is a noble flower, mesmerizing in appearance and is considered desirable. As such, it can give your home or your office a unique atmosphere. After acquaintance with this flower, it is easy to develop a healthy addiction with orchids. You can grow them in any home or office and enjoy new blooms every year. We will be happy to accompany you and equip you with a simple toolbox for successfully cultivating orchids anywhere.

In our greenhouse you will find, 2,000 different species of plants from the "orchidaceae family", about 350 rare botanical species, air plants (tillandsia) carnivorous plants, and many other unique plants. All our orchids are maintained in an automated greenhouse that adjusts to their needs all year round. We have a large variety of colorful orchids in all sizes.

In our store you will find a large variety of planters and pots. We have mastered orchid arrangements' to an art and ensures that every **Orchid arrangement** we sell is the finest, freshest and highest of quality.

We also have a same day delivery service throughout Israel.

Please feel free to call or come visit.

Sincerely,

Smadar Sebag
